Our Role in the Cradle-to-Career (C2C) Data System

CaliforniaColleges.edu is a crucial component of the C2C Data System.

AB 132 outlines specific steps in order to implement the C2C Data System and realize its objectives, which include:

- ▶ Making CaliforniaColleges.edu tools and services **free to all California school districts serving 6th-12th grade students**, with a goal of full participation by June 30, 2026.
- ▶ Designating CaliforniaColleges.edu as the **preferred starting point for all applications to California public colleges (CCC, CSU, UC), FAFSA, and CADAA.**

c2c.ca.gov

"It's on us to make it easy for students to navigate education and job choices.

The Cradle-to-Career system provides the data and support infrastructure that will make it possible for every California student to thrive."

to Support Timely and
Intentional Intervention

Within an MTSS Framework

CaliforniaColleges.edu can be leveraged to support Tier 1 learning for all students, while increasing efficiency and ability for educators to strategically intervene with those who need support at Tier 2 and 3.

Tier 3 – Intensive Interventions

Efficiencies at Tier 1 and 2, free time for educators to provide 1:1 support.

Tier 2 – Targeted Interventions

Educator tools and reports on CaliforniaColleges.edu allow for targeted interventions with individuals or groups of students.

Tier 1 – Universal Interventions

CaliforniaColleges.edu is the state's official college and career planning platform, designed for all 6th-12th grade students.

Reporting Tools for Educators

Educators can run reports to monitor student progress on their activities on CaliforniaColleges.edu.

How to Run Reports:

- ▶ Select a report **Category**
- ▶ Select a report **Name**
- ▶ Click **Run Report**

Manage Reports
Track your student's college and career readiness by running reports.

Quickly and easily obtain the aggregate data you need to better support your students on their path to being college and career ready. Select a report, choose your filters, and then, run report. View report summary and drill down on individual links with the summary for more details. Drill down even further, if you choose, by clicking on individual student names in the Student List tab and view their My Plans.

Why It Matters

Most California high school students will attend a California public higher education institution:

According the most recent [DataQuest College-Going Rate report](#), 88% of high school completers from local counties who enrolled in college did so at a UC, CSU or CCC.

Educator Reports: Applications

Use Applications reports to track college and financial aid applications for strategic intervention.

The screenshot displays the 'Applications' report interface. On the left, under 'Select Report:', a dropdown menu is set to 'Applications'. Below this, under 'Select Filters:', there are four dropdown menus: 'Select Grade', 'Select Gender', 'Select Race', and 'Select Education Level'. To the right of the filters, there are two input fields for 'Start Date: MM/DD/YYYY' and 'End Date: MM/DD/YYYY'. On the right side of the interface, there is a 'Select Report Type' dropdown menu. A tooltip is visible over this dropdown, listing five report types: 'What is the status of FAFSA/California Dream Act Application launched from CaliforniaColleges.edu?', 'Which students applied to a California Community College using CCCApply?', 'Which students applied to a California State University (CSU) using their CaliforniaColleges.edu account?', 'Which seniors have started or completed at least one CSU application via CaliforniaColleges.edu?', and 'Which students have applied to a UC using their CaliforniaColleges.edu account?'. At the top right, there is a link 'Have a report question? Contact Us' with a yellow question mark icon.

Financial Aid Educator Reports

- ▶ What is the status of FAFSA/California Dream Act Application launched from California Colleges.edu?
- ▶ What are students' current financial aid application and module completion statuses?

Summary

The California Student Aid Commission (CSAC) provides [CaliforniaColleges.edu](https://californiacolleges.edu) with a FAFSA/CADAA status if the student launched their application from CaliforniaColleges.edu and their account includes SSID. CSAC last provided this information on 07/09/2024.

- **Not Launched:** These students have not launched their FAFSA/CADAA applications from [CaliforniaColleges.edu](https://californiacolleges.edu).
- **Launched:** These students have launched their FAFSA/CADAA from [CaliforniaColleges.edu](https://californiacolleges.edu), but the submission is unverified because the student did not complete their application OR we have not received an update from CSAC.
- **Submitted:** These students have launched their FAFSA/CADAA from [CaliforniaColleges.edu](https://californiacolleges.edu) and CSAC says the application is being processed OR may be incomplete. If incomplete, the student will receive an email from the Department of Education asking them to make corrections. Also, if incomplete, the student's Student Aid Report (SAR) will not include a Student Aid Index (SAI) and will indicate unresolved issues.
- **Completed:** These students have launched their FAFSA/CADAA from [CaliforniaColleges.edu](https://californiacolleges.edu) and CSAC confirms the application is complete. A completed application has a calculated Student Aid Index (SAI) and can be used to determine Cal Grant eligibility if the GPA is matched.

Summary

Report Logic:

- This report includes 12th grade students who linked their CaliforniaColleges.edu and Cal State Apply accounts. Students can link their accounts by either launching Cal State Apply from within CaliforniaColleges.edu or linking their CaliforniaColleges.edu account from within Cal State Apply. Accounts can only be linked prior to application submission.
- Students do not have to transfer their coursework from CaliforniaColleges.edu to Cal State Apply in order to be included in this report.
- Students' application status is updated nightly and provided to CaliforniaColleges.edu by Cal State Apply.
 - If a student has an application status of either In Progress or Received, then the student is considered as having 'started' an application. In Progress status means that the student's application has not been submitted or they have not paid the application fee. Received status means that the student's application has been submitted and is currently being processed. Encourage your students to check their email regularly, as well as the Student Portal(s) for each CSU campus they applied to.
 - Complete status means that the student's application fee(s) or fee waiver has been successfully submitted and their application is complete. This is the application's final status. Encourage your students to check their email regularly, as well as the Student Portal(s) for each CSU campus they applied to.

The Course Management Portal

The Course Management Portal (CMP) is where all California districts and/or their schools manage their public-facing A-G Course List.

- ▶ Every school that serves high school students in California needs to submit courses to the CMP for review and approval by UC, if that course is to appear on the school's A-G Course List.
- ▶ The CMP course list is what determines which courses fulfill an A-G subject area for the purpose of CSU and UC admissions processes.

What A-G Misalignment Looks Like

CMP Misalignment inhibits successful electronic data transmission and may prevent CSU and UC campuses from recognizing A-G approved coursework.

3.35

You're currently meeting the minimum GPA requirement for all CSU campuses. Great job!

Your courses and grades come from your school district. Transcript data was last submitted on 03/04/2021.

CSU "A-G" Progress

Based upon successful completion of coursework this term, for your grade level, you are missing the following number of years of "a-g" courses: 1

You appear to not be making progress toward completing courses recommended for your grade level in the following subject areas: B, D, E, F

Plan to take the courses you are missing and complete those courses with a C- or better to be eligible for CSU.

Educator Reports: Academic

Possible Tier II:

- ❑ Target students who are close to meeting A-G eligibility for course remediation at crucial points in the school year
- ❑ Maintaining CMP list year to year and clear messaging to students with “yellow” courses

The screenshot shows the 'Academic' report interface. At the top, 'Select Report:' is set to 'Academic'. Below it, 'Select Filters:' includes dropdowns for 'Select Grade', 'Select Gender', and 'Select Race'. To the right of these are 'Select Education', 'Select Ethnicity', and 'Select Special Population'. At the bottom, there are 'Start Date: MM/DD/YYYY' and 'End Date: MM/DD/YYYY' fields with a calendar icon. A 'Select Report Type' dropdown is open, showing options: 'Which students have planned coursework in the Academic Planner?', 'How well are students progressing towards meeting CSU eligibility requirements?', 'How well are students progressing towards meeting UC eligibility requirements?', 'Which district courses are flagged "a-g" BUT do not match against CMP?', and 'Which out-of-district courses are flagged "a-g" BUT do not match against CMP?'. On the right, there is a 'Have a report question? Contact Us' link with a question mark icon, and two buttons: 'Run Report' (blue) and 'Reset Filters' (grey).

Targeted Opportunities

Tool features allow educators to take intentional action to support targeted groups of students.

For example:

- ▶ Identifying students who close to meeting “a-g” eligibility at crucial times of year.
- ▶ Helping students understand their eligibility and how to progress monitor each year.
- ▶ Reports can be disaggregated or filtered to identify priority student groups, such as:
 - African American students
 - Latino male students
 - Foster or homeless youth students
