Who We Are

- ▶ **Manager of CaliforniaColleges.edu**, the State of California's official college and career planning platform.
- ▶ A **legislatively-authorized** service provider to all California school districts ([California Education Code 60900.5](#)).
- ▶ A crucial component of **California's C2C Data System**, as established by AB 132.

Who We Are Not

- ▶ A vendor.
- ▶ A grant-funded program.

What We Do

CaliforniaColleges.edu is free to all public school districts that serve 6th-12th grade students in California.

- ▶ **We provide college and career planning tools** to students and educators through CaliforniaColleges.edu.
- ▶ **We connect California systems**, including integrations with all three public higher education systems (**CCC, CSU, UC**) and the California Student Aid Commission (**CSAC**).
- ▶ **We partner with school districts** to bring high school students' transcript data to CaliforniaColleges.edu.

CCGI Partner Districts

More than 70% of California's high school students are enrolled in a school district that has already partnered with CCGI.

- ▶ Our Partner Districts include more than **250 school districts** that serve more than **1.3 million 9th-12th grade students** in California.
- ▶ California Education Code 60900(f)(3) now requires that all LEAs that enroll 9-12 grade students enter into a data sharing agreement with CCGI by **January 2026**.

Career Exploration & College Planning Tools

Through CaliforniaColleges.edu, students can access tools that will help them with their college and career planning. These tools include:

Career Assessments

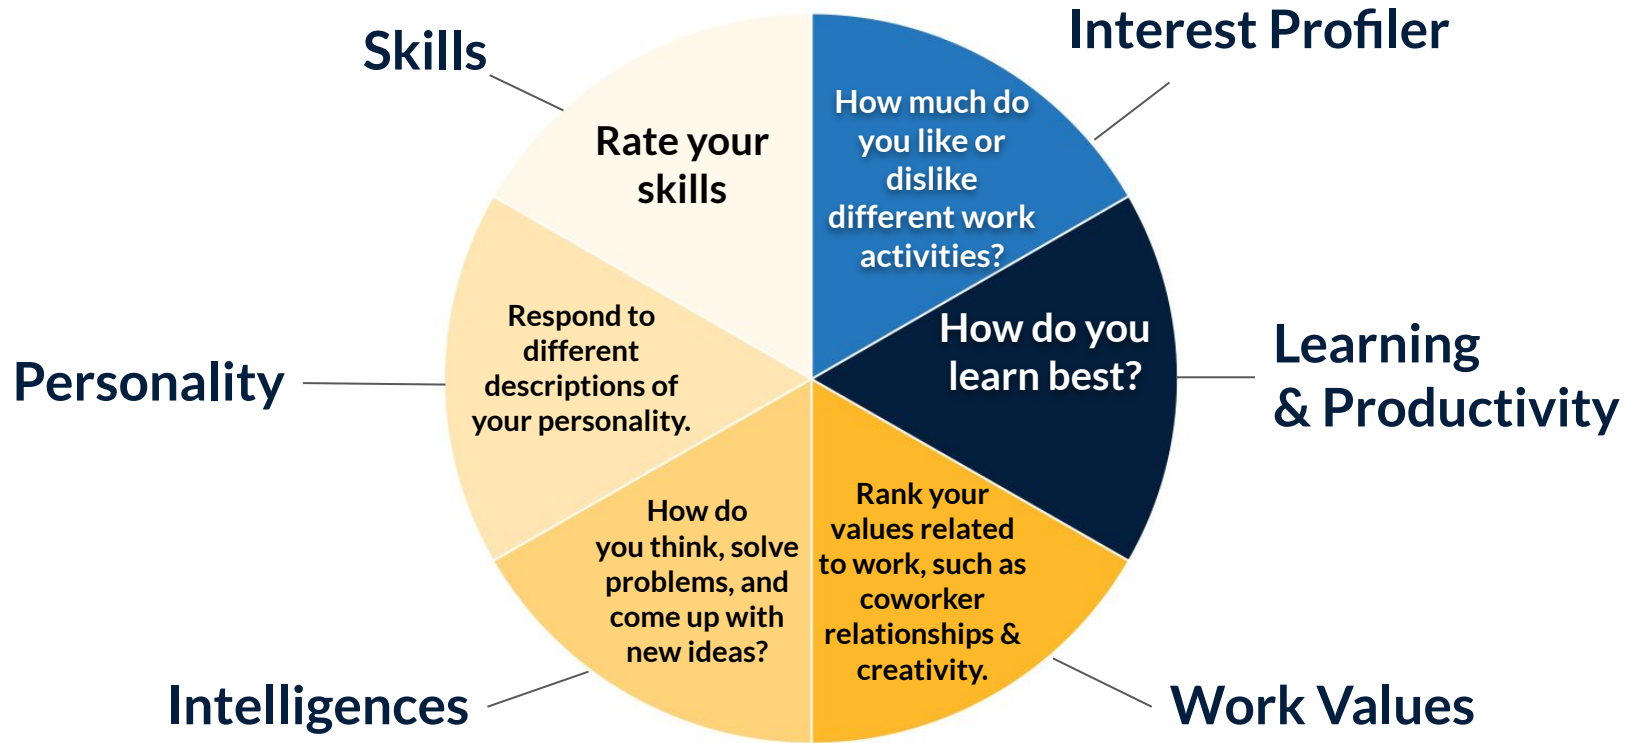

College & Major Search Tools

Career Assessments

Career-Major-College Exploration

Career Assessments

Students take Interest Profiler, Learning & Productivity, Work Values, Intelligences, Personality, and/or Skills assessment(s).

Career Exploration

Based on assessment results, students click on matching careers, go to corresponding fact sheets, and use Career Search.

Major Exploration

Based on career interests, students explore programs and majors that interest them & learn more about what they involve.

College Exploration

Based on major exploration and using College Search, students find colleges that match their needs.

Provide more than one opportunity to take Career Assessments (i.e. 7th, 9th and 11th).

Students “favorite” careers they like. Connect careers to career pathways.

Connect majors to careers and courses in high school to prepare.

Ensuring student’s Academic Planners match their desired career, college, and major choices.

The CSU uses the following admission requirements: you must earn a high school diploma, complete 15 "a-g" courses with a grade of C- or better, and earn a 2.0 GPA or higher in all "a-g" courses completed after 9th grade. The Eligibility Tool below includes your completed and enrolled courses (uploaded by your school district). It measures your progress towards meeting the "a-g" coursework and GPA requirements for CSU.

CSU GPA

You might be able to attend a CSU. Your GPA is below 2.5, but some campuses may consider you eligible based on other factors. Visit each CSU's website to learn more.

Your CSU GPA is based on the grades you earn in all "a-g" courses you complete after 9th grade (including the summer before 10th grade). "UC Honors Approved" courses receive one extra point in the calculation.

Your "a-g" Progress for CSU

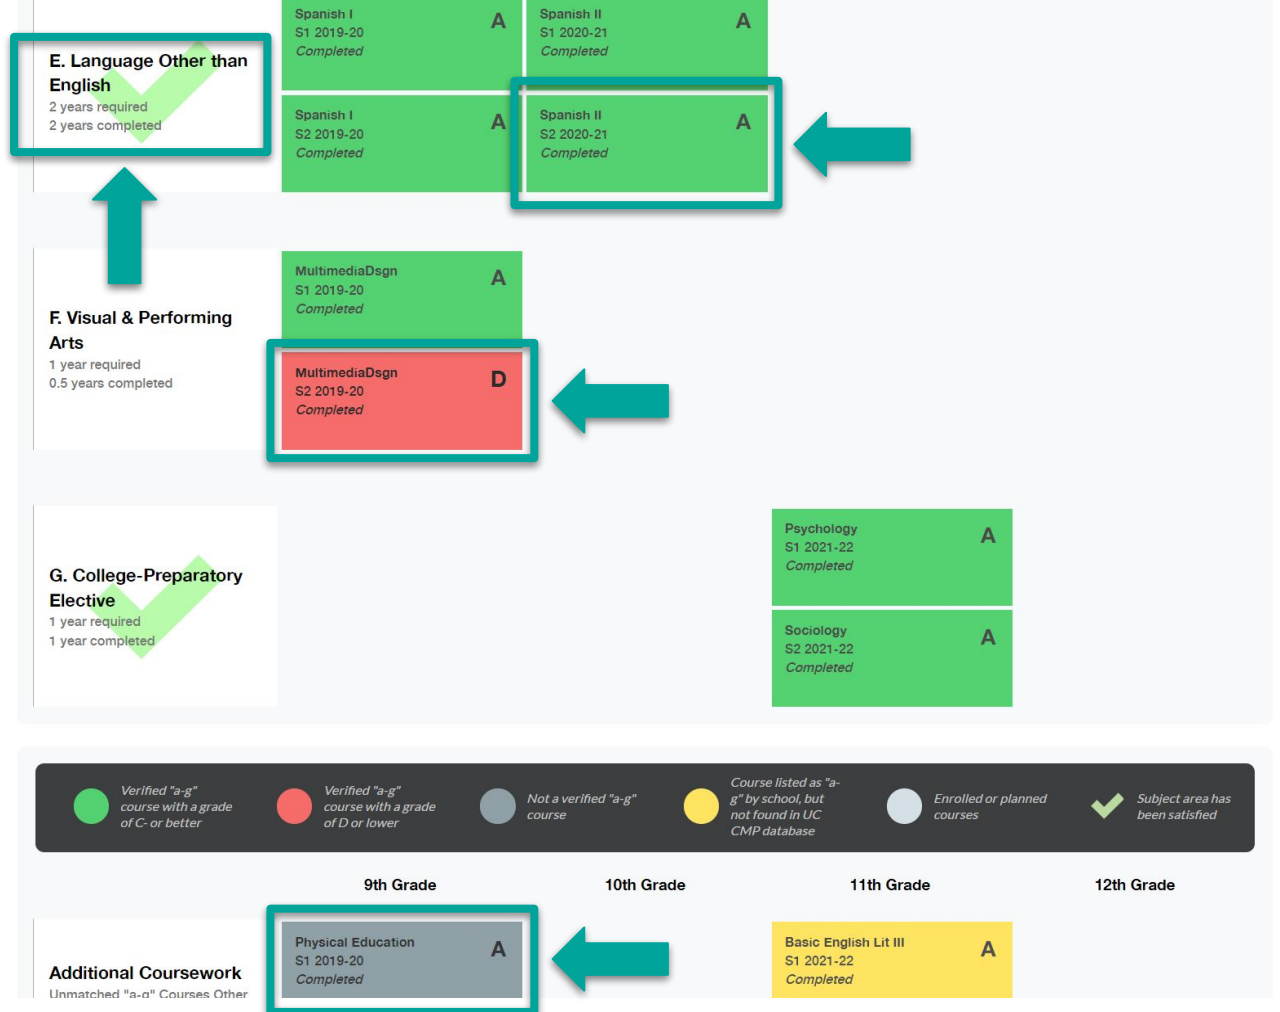

You are making good progress towards completing both your total years of "a-g" courses and subject area courses for your grade level.

Based upon successful completion of coursework this term, you are on target to meet CSU eligibility, but you must complete your current coursework with a C- or better.

What about Dual Enrollment?

- ▶ Dual Enrollment (DE) is a method that students can use to meet A-G requirements, but these courses cannot be verified against the CMP.
- ▶ DE will surface in Yellow as “Requires Review” to indicate to the student that **action is required** in their CSU and UC applications.
- ▶ It is by design that DE courses cannot be imported into the high school coursework section of Cal State Apply and the UC Application:
 - College courses must be entered into the College sections of both applications, which are programmed to recognize one semester of College coursework as fulfilling a full year of A-G.

When students in CCGI partner districts launch CCCApply from within CaliforniaColleges.edu, two important things also happen:

- ▶ Their **Statewide Student ID (SSID)** is matched to their **California Community College (CCC) ID**, creating a **hard match** across systems.
- ▶ CCCs that utilize the the **Multiple Measures Placement Service** will get English and Math **placement recommendations** and GPA based on pre-verified transcript data.
- ▶ Once an application is submitted, the **date of submission** is recorded in the **College Applications** section of **My College Plan**.
 - CCCApply application status is generally updated within **30 minutes**.

There are lots of great reasons to attend a California Community College (CCC). A CCC may be the best fit for you if:

- You need an associate degree or certificate for the career you want.
- You want to start your career sooner. Associate degree programs usually take two years. Certificate programs take even less time.
- You want to prepare to transfer to a four-year college.
- You want to spend less money on college tuition. CCCs have the lowest fees in the nation.
- You want to stay close to home. With 115 campuses across California, there is probably a CCC close to you.
- You need flexible classes in the evening, on weekends, or online so you can fit college into your life.
- You want to get a head start on earning college credit while you're still in high school.

Requirements

To attend a CCC, all you have to do is fill out an application and pay any required fees. You don't have to complete A-G requirements or take any special classes.

Learn more about the [Benefits of California Community Colleges](#).

Transfer Options

You can start at a CCC and transfer to a CSU, UC, or independent college after two years. Complete one of the programs below at your CCC to secure your spot.

- The [Associate Degree for Transfer \(ADT\)](#) guarantees you a spot at a CSU or an independent college.
- The [Transfer Admission Guarantee \(TAG\)](#) program guarantees you a spot at one of six UCs.

Tools for Educators

Partner Districts Educators can run application, financial aid and other reports to monitor student progress using CaliforniaColleges.edu.

The screenshot displays the 'Manage Reports' interface on the California Colleges.edu website. The header includes the logo, navigation links for 'Educator Dashboard', 'College', 'Career', and 'Financial Aid', and search, help, and user icons. The main content area is titled 'Manage Reports' with the subtitle 'Track your student's college and career readiness by running reports.' Below this, a paragraph explains the process: 'Quickly and easily obtain the aggregate data you need to better support your students on their path to being college and career ready. Select a report, choose your filters, and then, run report. View report summary and drill down on individual links with the summary for more details. Drill down even further, if you choose, by clicking on individual student names in the Student List tab and view their My Plans.' The interface features a 'Select Report' dropdown menu with 'Academic' selected, a 'Select Report Type' dropdown, and a 'Have a report question? Contact Us' link. Below these are 'Select Filters' for 'Select Grade', 'Select Course', 'Select Section', 'Select Gender', 'Select Ethnicity', 'Select Special Population', and 'Select Race'. There are also 'Start Date' and 'End Date' fields. A 'Run Report' button and a 'Reset Filters' button are present. At the bottom, it shows 'Report: None', 'Filters Selected: Grade: All, Course: All, Section: All, Gender: All, Ethnicity: All, Special Population: All, Race: All', and 'Actions: Print Download XLSX Download CSV'.

Academic Reports Example

The screenshot shows a web interface for generating academic reports. It features a dark-themed header with the 'CALIFORNIA COLLEGES.edu' logo and tagline. The main content area has a dark background with white text and form elements. On the left, there's a 'Select Report:' dropdown set to 'Academic'. Below it, a 'Select Filters:' section contains several dropdown menus: 'Select Grade', 'Select Gender', 'Select Race', 'Select Education', 'Select Ethnicity', and 'Select Special Population'. To the right of these is a 'Select Report Type' dropdown, which is open, showing a list of report types: 'Which students have planned coursework in the Academic Planner?', 'How well are students progressing towards meeting CSU eligibility requirements?', 'How well are students progressing towards meeting UC eligibility requirements?', 'Which district courses are flagged "a-g" BUT do not match against CMP?', and 'Which out-of-district courses are flagged "a-g" BUT do not match against CMP?'. Further right, there's a 'Have a report question? Contact Us' link with a question mark icon. At the bottom right, there are two buttons: 'Run Report' (blue) and 'Reset Filters' (grey). Date pickers for 'Start Date: MM/DD/YYYY' and 'End Date: MM/DD/YYYY' are also present.

- ▶ Monitor 4-Year Plans
- ▶ Target “a-g” eligible students for college application support
- ▶ Monitor CMP alignment
- ▶ Target students who are close to “a-g” eligibility for course remediation
- ▶ Identify 11th graders meeting UC 3.0 GPA requirement
- ▶ Preemptively identify mismatched courses to inform students and caregivers
