

## **Student Voices: Using the College and Major Search tools Transcript**

Narrator: Student Voices: Using the College and Major Search tools. Speaker: Citlalic McCoy.

Citlalic: One of the tools that I found very useful on CaliforniaColleges.edu website was the Major Search because I did have a hard time trying to figure out what schools I wanted to go to for my particular major.

Narrator: The college search tool shown highlighting schools that have law available as a major.

Citlalic: I did end up applying to three different schools thanks to the search tool.

Narrator: Speaker: Amber Flores, Mt. San Jacinto Community College.

Amber: CaliforniaColleges helped me to apply to the colleges that I applied to because it allowed me to get a better view of the schools that I was applying to. So it had a bunch of information about the schools that I knew I wanted to apply to beforehand, and it gave me a list of their tuition, the room and board, just a lot of information about the schools.
