California College Guidance Initiative

Who We Are

- ▶ **Manager of CaliforniaColleges.edu**, the State of California's official college and career planning platform
- ▶ A **legislatively-designated**, authorized service provider to all California school districts ([California Education Code 60900.5](#))
- ▶ A crucial component of **California's Cradle-to-Career System**, as established by AB 132 and funded by Proposition 98

Who We Are Not

- ▶ A vendor
- ▶ A grant-funded program

What We Do

CaliforniaColleges.edu is free to all public school districts that serve 6th-12th grade students in California.

- ▶ **We provide college and career planning tools** to students and educators through CaliforniaColleges.edu.
- ▶ **We connect California systems**, including integrations with all three public higher education systems (**CCC, CSU, UC**) and the California Student Aid Commission (**CSAC**).
- ▶ **We partner with school districts** to bring high school students' transcript data to CaliforniaColleges.edu.

CCGI Partner Districts

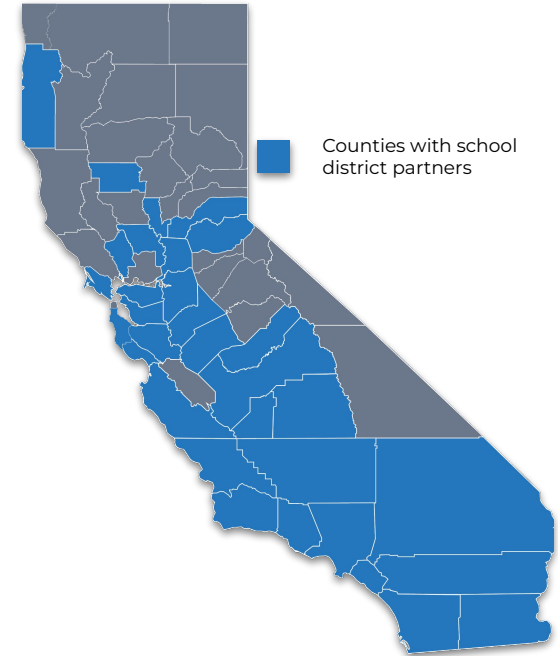

More than 50% of California's high school students are enrolled in a school district that has partnered with CCGI.

Our Partner Districts include about **200 school districts** that serve more than **1 million 9th-12th grade students** in California.

And each year, our partner list continues to grow!

District Partnership Roadmap

Pre-Partnership

1 Exploratory Engagement	CCGI holds conversations and meetings to determine district interest in partnership and alignment to district goals.
2 Intent to Partner	District Leader submits ITP when they are ready to proceed with partnership. Within the ITP, the District Leader names key members of the district staff who will lead CCGI partnership work.
3 Pre-Partnership Meeting	CCGI team members meet with the District Point of Contact, Data Lead, and CMP Lead named in the ITP. This meeting is designed to help these key contacts understand what partnership is, what their role will be, and next steps
4 Contracting	CCGI sends District an MOU. The District moves the MOU through its internal contracting processes.

Career Assessments

The career assessments can help students identify their values, interests, learning styles, and personalities and learn how they can connect to fulfilling careers.

The assessments include:

- ▶ Interest Profiler (All Students)
- ▶ Learning & Productivity (Middle School Students)
- ▶ Intelligences (High School Students)
- ▶ Personality (High School Students)
- ▶ Skills (High School Students)
- ▶ Work Values Survey (High School Students)

Career Search Tool

The career search tool helps students find the right career path by figuring out what they want to be and what it will take for them to get there.

CaliforniaColleges.edu allows students to:

- ▶ Explore careers that match their interests.
- ▶ See what kind of pay and growth potential jobs offer.
- ▶ Ties career assessment results to career pathways, majors and colleges.
- ▶ Understand what education and skills they will need to pursue their career of choice.

The screenshot shows the 'Career Search Tool' interface. At the top, a dark header contains the title 'Career Search Tool' and a brief description: 'Explore careers that match your interests. Find careers by using the keyword search or the Industry and Bright Outlook filters. To learn more about our career data, see [College, Major, and Career Data Sources](#).' Below the header, there are three search filters, each with a text input field and a blue 'Search' button. The first filter has 'Scientist' in the input field. The second filter is labeled 'Select Industry' with a dropdown arrow. The third filter is labeled 'Select Bright Outlook Occupation' with a dropdown arrow. At the bottom left, it says 'Results 179'. At the bottom right, there is a dark button labeled 'Compare'.

College and Major Search Tools

The **College and Major Search Tools** allow students to find what majors will help them achieve their career goals and what colleges best meet their needs.

The **Major Search Tool** allows students to discover programs and majors that interest them, learn more about what they involve, and find colleges that offer them.

The **College Search Tool** helps students find the best colleges in California and across the country, based on the factors that matter most to them.

The screenshot shows the 'Major Search Tool' interface. At the top, a dark header contains the title 'Major Search Tool' and a brief instruction: 'Use this tool to search for programs and majors that interest you. You can view a list of colleges that offer the program or major by clicking "View Colleges". To learn more about our major data, see [College, Major, and Career Data Sources](#).' Below this is a search bar with a magnifying glass icon on the left, a text input field containing 'Search by Program', and a close 'X' icon on the right. Under the search bar, a light gray box contains the text 'Enter two or more letters to begin looking up programs and majors.' Below the search bar, the word 'Results' is displayed. At the bottom of the interface, a dark footer contains links for 'Contact us', 'Privacy Policy', and 'Terms of Use'. On the left side of the footer is the California Colleges.edu logo. On the right side, there are two logos: the official seal of the State of California and a logo for the 'California College Guidance Initiative' managed by 'maialearning'.

CSU/UC Eligibility Tools

Students in partner districts can use CSU and UC eligibility tools to quickly track their progress toward meeting “a-g” requirements.

The screenshot shows the UC Eligibility Tool interface. At the top, there's a navigation bar with links: My Plan, College, Career, Financial Aid. Below this is a red banner with the text: COVID-19: Up-to-date information and resources for California students.

The main content area is divided into two columns. The left column is titled "UC GPA" and features a green circle with the number "3.11". Below this, it states: "You are currently meeting the minimum GPA requirement of 3.0 or above. Your UC GPA reflects 'a-g' coursework submitted by your school district completed in 10th and 11th grades, including the summers following 9th, 10th, and 11th grades. Courses that have UC Honors Approved under the title are approved as honors in the UC CMP database. Eligible courses receive an extra one point in the UC GPA calculation. Your UC GPA is based on UC guidelines. Learn more here. Transcript data most recently submitted on 09/16/2019".

The right column is titled "Your 'a-g' Progress for UC" and features a red target icon. It states: "Based upon successful completion of coursework this term, for your grade level, you are missing the following number of years of 'a-g' courses: 1. You appear to not be making good progress toward completing courses recommended for your grade level in the following subject areas: D. Plan to take the courses you are missing and complete those courses with a C- or better to be eligible for UC."

Below these columns is a section titled "THINGS TO KNOW" with a lightbulb icon. It contains the following text: "The UC Eligibility Tool helps you track your progress toward meeting eligibility for UC by listing required coursework on the far left and comparing it to your completed and enrolled coursework. To ensure you stay on track, use this tool to also plan for future courses that are offered at your school and help satisfy UC requirements. All of your coursework on the Eligibility Tool will be color-coded with each color representing something different so be sure to study the legend below carefully. The University of California (UC) Course Management Portal (CMP) is a website where all your 'a-g' courses are tracked by both the CSU and UC. Your school district enters courses into UC CMP. If you see a course in yellow on your CSU and UC Eligibility Tools, this means your school has labeled the course as 'a-g', but it is not listed in UC CMP. Talk with your counselor to learn more when you see courses in yellow. To learn more about the UC eligibility requirements, see [Prepare to Meet Eligibility Requirements for UC](#)."

At the bottom of the interface is a legend with five color-coded boxes: "Verified 'a-g'" (green), "Verified 'a-g'" (red), "Not a verified 'a-g'" (grey), "Course listed as 'a-g' by school, but" (yellow), and "Enrolled or" (blue). There is also a link to "Submit a course".

Financial Aid Tools

Through **CaliforniaColleges.edu**, students can access tools that will help them learn about, plan for, and apply for financial aid.

The **financial aid tools** offer a sequence of lessons that can be used with students to learn about the cost of college and how financial aid can help to pay for it.

In Grade 12, the lessons help students prepare for FAFSA/CADAA, **launch their FAFSA or CADAA application**, and walks them through the steps to secure aid.

Reporting Tools for Educators

Educators can run reports to monitor student progress on their activities on CaliforniaColleges.edu.

1

Encourage shared responsibility by allowing educators to pull reports at any time.

2

Allows educators to export reports into XSLX or CSV formats, depending on your needs.

3

Help educators plan collective efforts and/or provide targeted intervention by showing students' progress.

Reporting Tools for Educators

Track your student's progress at every stage of the journey.

Our **reports** help educators plan collective efforts and/or provide targeted intervention by showing students' progress.

How to Run Reports:

- ▶ Select a report **Category**
- ▶ Select a report **Name**
- ▶ Click **Run Report**.

The screenshot shows the 'Educator Dashboard' interface. At the top, there's a navigation bar with the California Colleges.edu logo, the title 'Educator Dashboard', and links for 'College', 'Career', and 'Financial Aid'. Below this is a 'Manage Reports' section with a blue background and the text 'Track your student's college and career readiness by running reports.' A descriptive paragraph follows: 'Quickly and easily obtain the aggregate data you need to better support your students on their path to being college and career ready. Select a report, choose your filters, and then, run report. View report summary and drill down on individual links with the summary for more details. Drill down even further, if you choose, by clicking on individual student names in the Student List tab and view their My Plans.' The main form area has a dark background. It includes a 'Select Report:' dropdown set to 'College' and a text input field containing 'Which students have favorited (♥) at least one college?'. To the right is a 'Have a report question? Contact Us' link with a question mark icon. Below these are 'Select Filters:' with several dropdown menus: 'Select Grade', 'Select Educator', 'Select Caseload', 'Select Gender', 'Select Ethnicity', 'Select Special Population', and 'Select Race'. There are also input fields for 'Start Date: MM/DD/YYYY' and 'End Date: MM/DD/YYYY'. A 'Run Report' button is prominently displayed in blue, and a 'Reset Filters' button is in grey. At the bottom, a summary line reads 'Report: Which students have favorited (♥) at least one college?' and 'Filters Selected:'. To the right of this are links for 'Print', 'Download XLSX', and 'Download CSV'.

6th-12th Grade Lesson Plans

The 6th-12th grade lesson plans guide students through a series of developmentally-appropriate college and career planning activities, so students can:

Discover their path

Plan for their future

Launch their plan

Curriculum and Lesson Plans

Each grade-level activity has an associated lesson plan that educators can use during instructional time and counseling interventions.

Our lessons are:

- Trackable.
- Sequential but flexible.
- Aligned to standards.

What Do I Like?: Interest Profiler (6.2)

Goal: Students will evaluate their personal interests and explore matching career options.

Lesson Time Options

This lesson requires one 45-60 minute class period.

Student Materials

This lesson plan is part of the default **Activities by Grade Level**. The corresponding student My Task for this lesson is called **What Do I Like?** For more information, click on **How do students download and upload documents to CaliforniaColleges.edu?** under **Assignments** in [Educator Help](#).

In This Packet

This packet includes everything you need to complete the lesson.

- Student Worksheet
- Educator Guide
- Appendix: Learning Extension

Standards

The literacy skills of Common Core can be broken down into sections – reading, writing, and speaking and listening (language skills are outside of the focus of CaliforniaColleges.edu). In the lesson, students will practice the following skills:

A School Leader's Experience

- ▶ “Hughson High School has a Portfolio Project and Senior Exit Interview that has been a part of our district graduation requirements for the last couple decades.
- ▶ In 2019-2020, HHS transitioned from a paper ‘binder’ portfolio format to use of CaliforniaColleges.edu.
- ▶ The initial team built out the sequence of required grade-level activities CaliforniaColleges.edu for our staff and students.
- ▶ The portfolio requirement is embedded in the history classes with lessons throughout the school year. The middle school has a counselor who presents lessons to each class instead.
- ▶ Student progress is electronically stored and maintained from middle school through graduation in CaliforniaColleges.edu.”

Natalie Moring

Assistant Principal, Hughson High School

PORTFOLIO PROJECT AND SENIOR EXIT INTERVIEW REQUIREMENT

All students participate in our portfolio project. Students learn and practice communication skills, problem solving, and team building skills. They measure their own personal and academic growth over time, and catalog examples of their best work. All seniors will have their portfolio assessed and will participate in a required senior exit interview. In preparation for this interview, students will develop resumes, applications, practice job seeking skills and interviewing skills in addition to preparing the four year portfolio for review and evaluation.

Tools for Parents

CaliforniaColleges.edu empowers parents to take an active role in their child's college and career planning

Parent Accounts for Partner Districts

Parents can **VIEW** their student's activity on CaliforniaColleges.edu when they register their account.

- ▶ **Student must have a registered account before the parent can create one**
- ▶ Many districts only create accounts for their middle and high school students, which may or may not include 6th grade.
- ▶ To register a parent account they will need to know their student's school ID number
- ▶ CaliforniaColleges.edu is translatable in multiple languages

The top screenshot shows the 'Register' step of the registration process. A red box highlights the 'Tell us who you are' section, where 'I am a Parent/Guardian' is selected. Below this, the child's school name is entered as 'Riverside Unified' and 'Martin Luther King Jr. High'. The bottom screenshot shows the 'Your Child's Information' step. A red box highlights the fields for 'Your Child's First Name', 'Your Child's Last Name', 'Your Child's Student ID Number' (entered as '999999'), and 'Your Child's Date of Birth' (entered as '01/01/2006'). Both screenshots show a 'Students' button at the bottom left and a 'Register Your Account' button at the top right.

Translation features

CaliforniaColleges.edu is available in the language of the user's choice.

Use these steps to use Google Translate on CaliforniaColleges.edu:

Step 1: From any screen on CaliforniaColleges.edu, **right click** and select **'Translate to [...]'** from the dropdown.

Step 2: Google Translate box will open at the top of your screen. Click on the **three dots**  icon, then **'Choose another language'**

Step 3: **Select the language you want from the drop-down**, then click **"Done"**:
