## Who We Are

- ▶ **Manager of CaliforniaColleges.edu**, the State of California's official college and career planning platform.
- ▶ A **legislatively-authorized** service provider to all California school districts ([California Education Code 60900.5](#)).
- ▶ A crucial component of **California's Cradle to Career Data System**, as established by AB 132.

## Who We Are Not

- ▶ A vendor.
- ▶ A grant-funded program.

# Unique Tools for California

CaliforniaColleges.edu provides tools to help students and districts meet California-specific requirements.

We have integrations with all three of California’s public higher education systems (CCC, CSU, UC) and the California Student Aid Commission (CSAC).

# Launching Applications

Students can launch applications to all of California's financial aid and public higher education systems –

- ▶ **116** California Community Colleges
- ▶ **23** California State University campuses
- ▶ **9** University of California campuses
- ▶ **FAFSA or CADAA**

...all in one place.

# Why Launch from CaliforniaColleges.edu?

CAL STATE APPLY

## Start from a Trusted Source:

Minimize students' guesswork and exposure to unofficial websites

## Connect Data:

SSID linking helps facilitate identity matching between systems to smooth the process for students

## Stay Informed:

Track the status of student applications and submissions

## Save Time and Minimize A-G Errors:

Import transcript courses and grades directly into students' applications

# CCGI Partner Districts

More than 70% of California's high school students are enrolled in a school district that has already partnered with CCGI.

- ▶ Our Partner Districts include more than **250 school districts** that serve more than **1.3 million 9th-12th grade students** in California.
- ▶ California Education Code 60900(f)(3) now requires that all LEAs that enroll 9-12 grade students enter into a data sharing agreement with CCGI by **January 2026**.

▼ See who our Partner Districts are ▼

[californiacolleges.edu/learnmore/ list-of-partner-districts/](https://californiacolleges.edu/learnmore/list-of-partner-districts/)

# Partnership With CCGI

**Partner Districts have a formal data-sharing agreement (MOU) with CCGI in order to bring their high school transcript data to CaliforniaColleges.edu.**

Students with ‘Transcript-Informed Accounts’ are provided with:

- ▶ **California Community Colleges (CCC) Tool** which helps students to identify the 5 CCCs closest to their high school and to learn more about program options.
- ▶ **CSU and UC Eligibility Tools** that allow students to see their progress towards meeting the minimum requirements for admission to a CSU and UC.
- ▶ The ability to **import verified transcript data** to their Cal State Apply application and UC Application (new!).

# The Course Management Portal

The Course Management Portal (CMP) is where all California districts and/or their schools manage their public-facing “A-G Course List”

- ▶ The approved course list from the CMP is what determines which courses fulfill an A-G subject area for the purpose of CSU and UC admissions processes
- ▶ CaliforniaColleges.edu uses the official CMP course list for each school to **verify the transcript data** shared by the district/LEA from it’s SIS.
- ▶ This informs:
  - How coursework visualizes for students in the **CSU and UC eligibility tools**
  - How courses **import to the CSU and UC applications**

# A-G Alignment Support

## CCGI provides technical assistance help to LEAs to ensure that courses indicated as fulfilling A-G requirements match the Course Management Portal.

- ▶ California Education Code 60900(g) requires that LEAs maintain at least a 90% rate of alignment between A-G coursework, as listed in the local SIS, and how those courses are registered in the UC Course Management Portal A-G course list.
- ▶ CCGI has a dedicated Technical Assistance team to support districts in improving their CMP match rate.
- ▶ CaliforniaColleges.edu reporting features help educators identify and resolve issues with their CMP list that may impact eligibility for students:
  - Academic Report: **Which district courses are flagged as A-G but do not match against the CMP?**

# CMP-Verified Courses and Grades

The screenshot shows the 'CSU Eligibility' page on the California Colleges.edu website. The page has a navigation bar with 'Academic Planner', 'California Community Colleges', 'CSU Eligibility' (selected), 'UC Eligibility', and 'CSU Application Info'. Below the navigation bar is a legend with four items: a green circle for 'Verified "a-g" course with a grade of C- or better', a red circle for 'Verified "a-g" course with a grade of D or lower', a light blue circle for 'Enrolled or planned courses', and a green checkmark for 'Subject area has been satisfied'. The main content area shows a grid of course cards for 'C. Mathematics'. The grid includes: MATH I A (S1 2020-21, Completed, C), MATH II A (S1 2021-22, Completed, D), OLR MATH I B (SS2 2021-22, Completed, C), MRWC A (S1 2023-24, Enrolled), MATH II B (S2 2021-22, Completed, C), MATH III A (S1 2022-23, Completed, B+), and MATH III B (S2 2022-23, Completed, A). A green checkmark is visible next to the 'C. Mathematics' header.

	MATH I A S1 2020-21 Completed C	MATH II A S1 2021-22 Completed D	OLR MATH I B SS2 2021-22 Completed C	MRWC A S1 2023-24 Enrolled

			MATH III B S2 2022-23 Completed A	

**In this example, a Grade of D in Math IIA has been validated by higher level courses and grades.**

# Courses That Are Not CMP-Verified

Courses in **yellow** are those where the district indicates the course as meeting an A-G subject area, but the course **cannot be verified** against the CMP.

	 Not a verified "a-g" course	 Course listed as "a-g" by school, but not found in UC CMP database

		*PE 1 S2 2020-21 Completed A+

# Yellow Course = Requires Review

## Courses that surface in Yellow:

- ▶ Have been indicated by your district as an A-G course, but **could not be CMP matched** against a school's official A-G list
- ▶ **ALWAYS require review!**
- ▶ **Will require action !** In the UC application, courses in Yellow must be manually entered if they are to be included in the student's application

Basic English Lit III S1 2021-22 <i>Completed</i>	A
Basic English Lit III S2 2021-22 <i>Completed</i>	A

# What about Dual Enrollment?

- ▶ Dual Enrollment (DE) is a method that students can use to meet A-G requirements, but these courses cannot be verified against the CMP.
- ▶ DE will surface in Yellow as “Requires Review” to indicate to the student that **action is required** in their CSU and UC applications.
- ▶ It is by design that DE courses cannot be imported into the high school coursework section of Cal State Apply and the UC Application:
  - College courses must be entered into the College sections of both applications, which are programmed to recognize one semester of College coursework as fulfilling a full year of A-G.

● Not a verified "a-g" course		● Course listed as "a-g" by school, but not found in UC CMP database

## Summary

### Report logic:

- This report includes students who launched their UC application from CaliforniaColleges.edu.
- Students' application status is updated nightly.
  - "Created a UC application account" means that a student has created their University of California application account but has not selected any campuses.
  - "In progress" means that the student's application is in progress but not submitted.
  - "Submitted" means the student's application has been submitted.
- The UC application opens on August 1, but students cannot submit their application until November 1.
- UC eligibility is calculated using the [UC grade level progress recommendations](#).
- For students who do not have courses in their Academic Planner, UC GPA and UC Eligibility will be blank.
